

ITIOT 2024

London, UK

June 21-23, 2024

2024 8th International Conference on Information Technology and Internet of Things (ITIOT 2024) will be held in **London, UK** during **June 21-23, 2024**. It's sponsored by **University of Haute Alsace** and technically supported by **National and Kapodistrian University of Athens** and **Group of Next-Generation Networks and Services**. Join key researchers and established professionals in the field of Information Technology and Internet of Things as they assess the current state-of-the-art and roadmap crucial areas for future research. For more information, please visit www.itiot.net.

Keynote Speakers

Prof. Pascal Lorenz
University of Haute-Alsace,
France

Prof. José-Fernán Martínez
Universidad Politécnica de Madrid,
Spain

Prof. Huiyu Zhou
University of Leicester,
UK

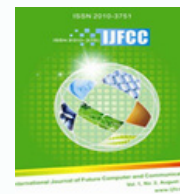

Dr. Branislav Vuksanovic
Deputy Head of Department of
Systems Engineering
Military Technological College,
Oman

For more information, please visit www.itiot.net/keynote.

Publication

For accepted papers: International Conference Proceedings
indexing: **Scopus, Ei Compendex**, etc.

For extended papers: [International Journal of Future Computer and Communication](#)
indexing: Crossref, Electronic Journals Library, INSPEC (IET), Google Scholar, EBSCO, etc.

For more information, please visit www.itiot.net.

Topics

Topic heading 1: IoT Experimental and Deployment

IoT and Future Internet Architectures
Real case deployment scenarios and results
IoT System Modeling and Analysis-Performance
IoT Deployment on Agriculture, Retails, Smart Sustainable Cities

Topic heading 3: Connectivity, Security, and Privacy for IoT

Energy efficiency and wirelessly powered IoT
Massive connectivity in IoT
Critical and URLLC IoT
IoT short range communications
Blockchain solutions for IoT

Topic heading 2: IoT Applications and Services

Architectures of IoT services
Smart Health
Smart supply chain and framing
Tools and technologies for IoT services

Topic heading 4: Electronics and Signal processing for IoT

IoT low power devices
IoT sensors and actuators
Energy optimization in IoT
Optimization of data traffic and latencies
Smart devices and tools signal processing

For more information, please visit www.itiot.net/call.

Important Dates

Submission Deadline: Mar. 30, 2024
Acceptance Notification: **Apr. 25, 2024**
Registration Deadline: **May 10, 2024**

Submission

Submission System:
